About the Festival

CPF brings outstanding concert pianists from across the country to the Clayton area in order to perform concerts and participate in other musically enriching events throughout the community. Through interactive presentations in local schools, public classes for piano students, and commentary with the concert performances, CPF aims to bridge the gap between performer and audience, bringing great music to people of all ages and levels of exposure to classical music and the arts.

Why Sponsor?

- To show your support for the arts
- To broaden your profile throughout the community
- To take advantage of promotional offers only available to sponsors
- To generate new business by increasing your visibility to prospective clients
